

PORTERONE

Porter One is a trusted boutique concierge agency offering unprecedented access to unique experiences with high touch service that puts a premium on the value of our clients' time. While headquartered in New York, we are a virtual agency that supports clients across the globe.

## About Porter One

At Porter One, our objective is to be both the quintessence and the future of concierge services. Our team of specialists curate bespoke events through a truly personalized process, which ensures that we are meeting or exceeding expectations at every turn.

## Services

Porter One relies on an unparalleled breadth of expertise and relationships to manage the privileged leisure and business relations needs of our exclusive client list that includes both individuals and companies. We are relied upon to plan exotic getaways, procure VIP access to concerts and events, secure restaurant reservations, organize private transportation, and confirm the most challenging of hotel reservations.

### Boutique

We do not strive to be the biggest concierge service. Only the best.

### Proactive

We get to know our clients well enough to predict their ideal experiences, events, cuisines, and accommodations. We do not simply wait for directions - we proactively search out what we know will suit our clients' tastes and present it as an option.

### Discreet

We do not publicize our clients or contacts. Our reputation is word of mouth from those who appreciate our absolute discretion. This is fundamental to our business ethics and ethos and will not change.

### Experience

We have decades of combined experience providing premium services to clients in various sectors. Our deep and diverse quiver of contacts sets us apart and allows us to deliver at the highest level.

## The Key to Porter One

We take pride in those aspects of our business that set us apart. We render our services without commissions, with absolute discretion, and we have the utmost respect for our clients' privacy. At Porter One we are not satisfied to simply solve client needs as they arise. As an elite concierge agency we proactively search out and create fresh, personalized, of-the-moment experiences that surprise and delight our clients. We stay in-the-know, follow trends and have a finger on the pulse of happenings and opportunities that are relevant to our clients' interests and whims.

Our deep client engagement and our close monitoring of all experiences helps to both ensure the success of each endeavor, and to become especially savvy regarding our clients' preferences, behaviors and interests - whereby our objective is to predict and deliver unexpected, exceptional services.

## Our Clients

We are the chosen partner of select luxury and wealth management brands that value our top-shelf service and singular approach to personalizing customer service. We do not publicize our clientele list.

## Who We Are

Porter One's executive leadership consists of bonafide mavens in the hospitality, marketing and luxury sectors. Our combined history brings with it the contacts, connections and capability to provide unrivaled access to one-of-a-kind encounters, while our digital-first, cloud-based back office system enables us to offer clients superlative phone, SMS and email support.
